Description

Chalet Zermatt Peak is a landmark chalet in one of the most desirable locations in the world.

Set into the side of the mountain, it offers unrivalled panoramic views across the village and to the Matterhorn. No expense has been spared in creating Zermatt's ultimate and most luxurious chalet.

Chalet Zermatt Peak occupies a unique position within the village. Centrally located so only a few minutes walk from the bars, restaurants and shops, yet perched up high on the side of the mountain, offering unrivalled views coupled with complete privacy and tranquility.

The panoramic views offered by the floor-to-ceiling windows blur the lines between indoors and outdoors. Guests can feel themselves as part of the landscape rather than just a bystander to it.

The chalet has five individually designed bedroom suites, all offering deluxe double beds, seating and dressing areas and spectacular panoramic views.

The living areas have been extensively interior designed, to include many bespoke pieces of furniture and unique artefacts and artworks.

The wellness spa at Chalet Zermatt Peak has everything to offer guests, regardless of age or fitness. Guests can enjoy either a dry Finnish or a wet Swedish sauna, a bio steam in the hammam, or relax in the bubbles and jets of the Jacuzzi whirlpool.

From the chalet, take the complimentary taxi to either ski-lift, which is within 5 minutes, or stroll into the village to take in its charm and atmosphere.
