BEDS 5 BATHS 8 SIZE 1,355 m2

Description

This penthouse for sale is located at Le Rêve - a 50-floor residential tower in the Dubai Marina in Dubai, United Arab Emirates. Overlooking Dubai Marina and with breathtaking views of the Gulf shoreline and engineering marvels like the palm-shaped island of Palm Jumeirah, Le Rêve Tower deservedly claims to be one of the most prestigious apartment buildings in Dubai.

The penthouse is equipped with smart home solutions and furnished with beautiful designer furniture. This luxury property comes with a home theatre and has an open floor plan with abundance of natural light and sweeping 360 degree views all around.

The tower has a total structural height of 210 m. This 50-storey building resting on a 15m high podium at Dubai Marina is made unusual by the type and size of apartments that it offers. Construction of Le Rêve was completed in 2007.

Significant feature of the building is the strong horizontal banding in a combination of concrete and glass across all facades. Terraces are angled to respect neighbour's privacy. The Tower offers a luxury and well-appointed recreation area, pool and gym. All the bedrooms have ensuite bathrooms and built-in wardrobes along with maids, storage and dressing rooms. The name is French for the dream.
