SIZE 600 m2

Description

Purchased on the crest of a hill overlooking the splendid Agrari Beach, the top end ultra sophisticated Villa ensures privacy on a large plot of land at the end of a private road, away from noise and prying eyes. The residence is designed and positioned for the refined VIP's who appreciate total privacy, unpretentious yet luxurious decoration and large interior and exterior spaces.

The 600 m² villa (6500 sq.ft) is built on a large gated property of 10.000 m² with uninterrupted view to Agrari Beach, one of the nicest beaches of Mykonos, surrounded by a natural amphitheatre of hills. The house is designed so that each room enjoys the same exceptional views over the beach below and across the sparkling sea to the nearby island of Naxos, framed as if in a painting and fully protected from the island's strong winds.

This area is considered to be the favorite location of the connoisseurs of Mykonos where a distinguished few have made their luxury residences, just a 15 min drive from town. The Villa has been selected by the Architectural Digest (USA) as one of the top houses in the world in its category. The villa impresses in a subtle and sophisticated manner.

The villa is designed as a complex of four independent houses and contains 6 bedrooms + an attic. The main house features a sheltered courtyard, entry hall with guest w.c., large living room with fireplace, dining room, spacious country kitchen, master bedroom with dressing area and bathroom, and adjacent study/office or a 2nd bedroom with private bathroom.

On the upper level is an independent guest suite with bedroom (The "Guest House"), loft sitting room/sleeping space, kitchenette, bathroom and roof terrace. Adjacent to the pool there is a separate guest house (The "Pool House") on two levels, with breathtaking views of the cliff, the beach and the isle of Naxos.

On the ground floor is the main bedroom and the living room with an open kitchen, as if floating in the pool on top of the hills. Below the living room is a separate guest room with a bathroom, an independent entrance and a private courtyard.

Finally, there is also a detached studio with living room + bathroom, ideal for kids and/or staff. Terraces surrounding the house and swimming pool provide ideal space for entertaining, with numerous sitting and dining areas. At the edge of the pool, overlooking the cliffs is a Jacuzzi. Steps lead down a lighted pathway from the poolside to a charming secluded patio carved out of the natural rocks, a quiet place to relax and enjoy the beauty of the natural surroundings.
